PROFESSIONAL SUMMARY

Web Developer with an Associate of Applied Science (AAS) in Web Development with AI. Skilled in front-end and back-end web development, responsive web design, REST API integration, and AI-assisted development workflows. Experience building full-stack web applications, integrating APIs, and developing AI automation solutions to streamline workflows and improve user experiences. Passionate about modern web technologies, AI, automation, and continuously expanding technical skills in full-stack development.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React, Bootstrap, Responsive UI Development

Backend: PHP, SQL, Python, Java, MySQL, REST APIs, JSON, API Integration, Instagram Graph API, Facebook Graph API

AI & Automation: ChatGPT, Claude, GitHub Copilot, AI Workflow Automation(Learning), Eleven Lab, JSON Data Handling

Digital Marketing: SEO, AEO (Learning), GEO (Learning), Content Marketing, Social Media Marketing, Content Planning, Email Marketing

Platforms & CMS: WordPress, WooCommerce, Google Workspace, Buffer, Brevo

Design: Canva, Adobe Photoshop, Adobe Illustrator, Adobe Express, CapCut

Development Tools: GitHub, Visual Studio Code, NetBeans, PyCharm, Eclipse

PROJECTS

AI Real Estate Social Media Automation Platform

- Building a full-stack web application for automating social media content creation and publishing for real estate professionals
- Integrating AI content generation (OpenAI), social media automation (Instagram/Facebook APIs), and backend services using FastAPI and MySQL with Cloudinary support for media handling
- Developing responsive frontend interfaces using React, HTML5, and SASS

Personal Portfolio Website <https://123farzana123.github.io/Portfolio-new/>

- Designed and developed a responsive portfolio website showcasing technical projects and professional experience
- Optimized performance and accessibility across modern browsers; published via GitHub Pages

Dynamic Product Catalog with Shopping Cart <https://chelan.highline.edu/~123farzana123/csci212/week11/>

Technologies: HTML5, CSS3, JavaScript (ES6), Fetch API, JSON, DOM Manipulation

- Developed an interactive JavaScript-based web application to display dynamic product listings using JSON data
- Implemented Fetch API to retrieve and render product data asynchronously
- Used HTML template elements to generate reusable UI components for product cards
- Built shopping cart functionality using DOM manipulation and event-driven programming

EXPERIENCE

Backend AI Engineering Intern

Fly Rank AI (Remote) June 2026 – Present

- Developing backend services and REST APIs for an AI-powered web application.
- Supporting database operations, system integration, and backend feature development.
- Assisting with AI feature integration, debugging, and performance improvements.
- Working in a real-world development environment focused on backend systems and AI applications.

Web Development & AI Media Intern

Agilis USA (Remote) May 2026 – June 2026

- Completed internship focused on developing an AI-powered social media automation platform for real estate professionals
- Continued contributing to the project post-internship, supporting ongoing development and feature enhancements
- Worked on API integrations for Instagram and Facebook to enable automated content publishing workflows
- Assisted in building AI-based content generation features using OpenAI and ElevenLabs
- Supported backend development using FastAPI and REST APIs

Marketing Management Intern

J Legacy Holding Co. (Remote) December 2025 – Present

- Create AI-assisted captions and schedule organic social media content across multiple platforms
- Supported email marketing campaigns, SEO activities, and Yelp business page management
- Assisted in recruiting, onboarding, and mentoring interns; reviewed work and provided feedback for quality improvement
- Monitored engagement metrics and created promotional flyers and edited long-form videos for marketing use

EDUCATION

Highline College — Graduated 2026

Associate of Applied Science (AAS) – Web Development

Kabul University — (2016–2017)

Bachelor's Coursework in Science Chemistry
